

August 2024

## Social Committee News

---

### Hello and Welcome!

This is the first message from your Pheasant Run Social Committee's own email address. The initial goal of this new communication tool is to keep you informed of social events and promote shared interests among homeowners within our community.

Alongside these messages, we are also constructing a community website that will complement (not replace) the resident portal provided by Hunt Management. The new Pheasant Run website will:

- Showcase our beautiful neighborhood
- Serve as a central hub for our community
- Foster resident engagement and camaraderie

We hope that you'll find much to take away and much to give as well.

---

### Social Events & Activities

The next Pheasant Run MEET & GREET is coming up next week with live music!

- When: Wednesday, August 21st, 4-6pm
- Where: SE corner of Stonehedge & McAllister

This will be the last large group event of the season, so be sure to join us!

---

### Are We Addressing You Correctly?

We trust this first email is going to all Pheasant Run residents' correct and preferred email addresses. If this is going to an old address, if there is someone else in your household who should be receiving them too, or if you know of a neighbor who didn't receive one, please let us at know [ph-email@pheasant-run.com](mailto:ph-email@pheasant-run.com)

---

### Comments?

We would like your feedback as to what you would like to see on our website and what to include in our email blasts. Some suggestions might be:  
Bringing together residents with common interests and hobbies, such as card games, sports, quilting, cooking, etc.

- Need-to-know or helpful community info such as utility companies, trash pickup schedule, local restaurants, etc.
- News about current happenings in the neighborhood, as well as interesting historical info.

We have ideas already and will soon roll out a rudimentary site for which we will seek your input and suggestions for its expansion.

Please reply to [ph-email@pheasant-run.com](mailto:ph-email@pheasant-run.com) with your thoughts. We look forward to your feedback.
